Re: Freedom of Information Act Request EPA-R9-2015-006133

Dear Ms. Mabel:

This is in response to your Freedom of Information Act request regarding documents constituting, supporting or related to EPA's Revised Assessment Guidance for Perchlorate (January 2009).

Based on our May 6, 2015, telephone conversation and subsequent communication of an index of publically releasable documents in Region 9's Perchlorate Collection, we are responding to your focused request by providing all documents on the index.

We have also recommended that records more responsive to your request should be requested from EPA Headquarters, since revised guidance decisions were developed in Headquarters rather than at the Regional level.

Information responsive to your request is provided electronically through EPA's FOIA On-line system. The documents you requested are currently being uploaded to that system. You will be notified by the system as soon as it is available

If you have any questions, please contact Kevin Mayer of this office at 415 972-3176.

Sincerely,

A handwritten signature in blue ink, appearing to read "Enrique Manzanilla".

Enrique Manzanilla
Director, Superfund Division
